1 A That is the first deputy or the first chief

3 Q Okay.

4 A I mainly run day-to-day operations of the
5 sheriff's office.

6 Q So you're the second highest in command of

Q So the Cleveland County Board of County Commissioners, what is their involvement in the operation and maintenance of the county jail?

10

11

12

13

A They primarily are a part of the budget board, which funds us. They're -- due to the statutes, anything involving contracts or things like that has to go before them.

14

15

Q They have to approve the terms of those contracts?

16

17

18

19

20

21

22

23

Q Okay. And in this instance, we specifically have been furnished with a contract where -- Cleveland County contract with an outside agency, Sooner Medical Staffing, I believe, for the purpose of providing a medical authority and medical staff for detainees at the Cleveland County Detention Center; is that right?

24

25

A Yes, sir.

Q And so the terms of that contract were

Rhett Burnett

April 18, 2013

Page 17

1 subject to the approval of the Board of the County
2 Commissioners; is that a fair statement?

3 A Yes, the -- yes. Uh-huh.

4 Q And did the sheriff's office also have
5 input on the terms of that contract?

6 A Yeah, the sheriff spoke specifically with
7 those people when we asked them to come in. We asked
8 for what they thought it would cost to provide better
9 medical care than what was present and they provided
10 that and he signed off on that.

Q Well, according to the documents I've seen, you had actually had inmates sleeping on the floor, is that not an accurate assessment by the inspector?

A To my knowledge, they would be on the floor in boats. I don't know if they were not in boats or not.

Q I thought I had heard the word "mats" being used.

A Yes, you have mats, and the ideal format,

Rhett Burnett

April 18, 2013

Page 24

1 if you have to put them on the floor, is to put them

Q So you had more than two times the number

is that right?

A From the time we took over in '09, the jail

Rhett Burnett

April 18, 2013

Page 28

1 was overcrowded consistently. Inmates were
2 transported to Pottawatomie County Jail to try and
3 relieve the overcrowding, and we were on Department
4 of Corrections immediate pick-up list for prisoners
5 to be picked up, and they were in the process of
6 building the new jail. And health department was
7 aware it was overcrowded, knew the county was taking
8 steps to build a new jail, knew we were doing the
9 best we could do and that situation remained, we were
10 overcrowded.

21 Q You said the health -- something about it
22 being better than what it was before you took over.

23 A When we contracted with Sooner Medical to
24 provide quality medical care, they provided us a
25 nurse on a 24-7 basis, they provided us access to

Rhett Burnett

April 18, 2013

Page 31

1 doctor, and they provided us then the meds that were
2 needed.

3 The reason we did that is when we took
4 office in 2009, there were detention officers that
5 were passing meds, we felt that was inappropriate, so
6 we changed that. That had been done in the past.

7 And we worked quickly to get with ESW --
8 excuse me, Sooner Medical, I can't remember which
9 name they use, to provide medically trained personnel
10 to do that. So I believe the health care that
11 Sheriff Lester contracted to provide was much better
12 than what existed when we came in.

10 Q (By Mr. Erdoes) Let me hand you what I'm
11 going to mark as Exhibit 6.

12 I actually have copies now to share. I
13 apologize that I didn't have the time to get everyone
14 copies of what I brought earlier today because of the
15 fact that I wasn't -- I didn't get those discovery
16 responses till late, so my mistake.

17 I hand you what I marked as Exhibit 6.
18 Have you seen that document before, sir?

19 A Yeah, I believe it would have been back
20 in '09.

21 Q That was the first detention manual that
22 the jail operated under after Mr. Lester became the
23 sheriff and you became undersheriff; is that a fair
24 statement?

25 A Yes, sir, it would have been in there.

Rhett Burnett

April 18, 2013

Page 34

1 Q And that basically sets out the policies
2 and procedures for the operation of the jail; is that
3 right?

4 A Yes, on what should be done and what
5 shouldn't be done.

6 Q Did you use the prior operations manual in
7 forming this document that either Sheriff Holyfield
8 or Sheriff Beggs operated under?

9 A To my knowledge, this is the detention
10 manual that Miller, Edward Miller created, based on
11 what, as you see down here, revised by Captain
12 Williams and Lieutenant Brown in July of 2003. Part
13 of that process was ensuring that the state mandated
14 training was being conducted for this agency.

15 Q Okay. I'm not sure that answered my
16 question.

17 A I'm sorry.

18 Q Are you saying that you used the same --
19 essentially the same manual as what Sheriff Beggs and
20 Sheriff Holyfield used as much as it looks down at
21 the bottom that the last revision was July of 2003?

22 A Forgive me for not explaining that.
23 Miller, Ed Miller was instructed by the sheriff to
24 ensure that we were in compliance with all jail
25 standards and to update the detention manual upon us

Rhett Burnett

April 18, 2013

Page 35

1 coming in. And so that task was assigned to him and
2 this is the document that he produced using, my
3 understanding, the last most updated one that he had
4 at July of 2003 and modifying it and making
5 corrections. And this looks like the document that
6 was presented to Sheriff Lester and I that he
7 intended to use in the jail during the time period he
8 was here.

1 Q And the observation portion of this policy
2 and procedure manual, that's up to the detention
3 deputy, not up to your third-party nursing staff,
4 correct?

5 A The detention deputies were trained and
6 continue to be trained, if it looks like somebody is
7 in need of physical or medical attention, to take
8 appropriate actions to make sure they're taken care
9 of.

22 you actually conduct what, I guess, they call site
23 checks on a timely basis, either on -- at the hour or
24 the half hour or the 15 minutes depending on the
25 nature of the detention; is that right?

Rhett Burnett

April 18, 2013

Page 46

1 A Yes, sir.

2 Q In other words, if you have someone that's
3 in detox, someone who's obviously was brought in
4 under an intoxicated condition, your policy and
5 requirement is that you conduct 30-minute site checks
6 on those individuals; is that right? Under special
7 surveillance?

8 A Yes, sir, for instance, in suicide, it
9 would be every 15.

10 Q And just for the general population, then,
11 it's at least hourly; is that right?

12 A Yes.

13 Q And I believe that's a requirement of the
14 state health department regulations that I understand
15 you took training on as well?

16 A Yes, sir.

Q Is it a policy of the sheriff's office that when a detention officer notes that the health of a detainee has deteriorated since their admission into the facility, that it is incumbent upon them to alert the nurse?

A The medical staff.

Q Okay. And, in fact, getting back to your policy manual, detention manual, at Page 280, not only are there supposed to be regular surveillance or site checks on an hourly basis of these detainees, but in the evening shift, according to the paragraph numbered formal count, inmates are required to answer a roll call head count and during that head count, the deputy is supposed to observe each and every inmate to ensure the wellbeing, health and welfare of the inmate population; is that right?

A That's what it says.

Rhett Burnett

April 18, 2013

Page 61

1 Q And under Paragraph 5, under observation,
2 your deputies -- it's incumbent upon your deputies to
3 observe an inmate's behavior and appearance for

10 SoonerCare nurse was actually in the A pod just 30

A person arrested on a Cleveland County arrest warrant whose illness or injury was not a result of being taken into custody.

PROCEDURE

1. Observation: The Detention Deputy shall carefully observe the physical condition and behavior of the inmate being admitted for symptoms that indicate need for medical treatment.

2. Serious Injury: If the injury, illness, or emotional state of the inmate appears serious, the Deputy shall first, contact his/her supervisor, and second,

a. Refuse acceptance of custody and recommend that the arresting officer seek medical attention for the inmate;

b. Not accept custody until the arresting officer provides documentation of the inmate's medical treatment. Note: Also see health history form.

3. Detoxification: Any inmate who is charged with being under the influence of alcohol or drugs or who has alcohol on his breath at the time of booking should be considered as a possible alcoholic. Inmates requiring detoxification or booked on drug charges will be placed in a holding cell for 4 to 6 hours or until sober and observed a minimum of every 30 minutes. The Detention Deputy shall determine whether an inmate is capable of making a phone call. The inmate will not be placed in the general population until after this time period. If medical problems occur during this time, the inmate may require transport to Norman Regional Hospital or Minor Emergency center.

Record medical observation on book-in form. Check for physical signs of withdrawal during the detoxification period. Certain symptoms signify the need for

Each newly admitted inmate shall undergo a preliminary health screening by the Receiving Deputy. Such screening is designed to identify those inmates whose condition may represent a threat to the health of the facility staff and inmates or a threat to the health of the new inmate. Prisoners requiring immediate medical attention shall not be admitted to the Detention Center until the Receiving Deputy is certain that he/she has received proper medical attention through the arresting officer. Medications in the possession of inmates at book-in, whether prescription or over-the-counter, shall be logged, counted, checked against the PDR for verification, and secured.

PROCEDURE

1. Interview: After the inmate has put on the inmate uniform, the Receiving Deputy will return the inmate from the shower area to Receiving. The Receiving Deputy should observe the prisoner closely for physical and behavioral symptoms that indicate need for medical information on the book-in form and ask the inmate to complete the questions on the health history form. During such counts, inmates will lock down in their assigned cells, and there shall be no movement between or within sections during the count and until after the formal count has been verified by the Master Control Deputy and the Shift Supervisor. The Roving Deputy shall make the section counts and call them into Receiving. Receiving will check the section counts and account for every other area where inmates might be (i.e. kitchen, garage, laundry), verify inmate presence in those areas through the Roving Deputy or Shift Supervisor, who shall verify the inmate's presence by visual identification of the inmate. c. Any emergency medical situation that may arise regarding the pregnant inmate will be handled in accordance with the Emergency Medical Care Plan.

6.03 EMERGENCY MEDICAL CARE

ALTERATIONS TO CONTRACT

Any alterations, variations, modifications, or waivers of the provisions of the contract will be valid only if they are reduced to writing, duly signed by the parties and attached to the original contract.
